MediaStock Connector

Search stock media databases of leading providers directly in censhare.

With the MediaStock Connector, you can now search for images, videos and other media in various stock image databases such as Adobe Stock, Shutterstock, Pixabay and others directly in censhare. Both license-free and paid providers are available to you.

Access leading media databases directly from censhare, use comprehensive search filters and be inspired by the preview images.

Save your precious time and transfer selected media such as images including all relevant metadata directly into censhare. No manual effort, no errors during maintenance - simply consistent image data based on your individual requirements.

Benefits

- Efficient image and media search via leading stock image providers (Adobe Stock, Shutterstock, Pixabay, etc.) directly in censhare with comprehensive search filters for license types, categories, colors and resolutions.

- Automated transfer of selected images & media including all relevant metadata. Manual processes are eliminated and consistency of image & media data is ensured.

- Comprehensive license management prevents duplicate purchases and automatically updates license status information.

- Seamless workflow integration into editorial and creative processes to keep time for the essentials.
